Please support **Haines Friends of Recycling** with your membership! **(see inserted form)**

Community support from memberships and donations, free back haul from AML for 6 vans, grants from Haines Borough and Chilkat Valley Community Foundation (CVCF), and volunteer efforts allow us to recycle about 250,000 pounds per year. In addition to all the materials we recycle (see other side), we loan out recycling containers and sell compostable service ware for large events. We are happy to speak to your organization or group about recycling. We also have scholarships for high school students, graduates, or community members planning career development in renewable energy, energy conservation, or environmental studies, environmental policy, recycling and resource management, or a related field. Call 766-3000 or 766-2185 for more info.

HFR is a 501 (c)(3) non-profit and all contributions are tax deductible to the extent allowed under the law.
